

Registration Lifecycle

ID	RGP status (SOL)
3	reservePeriod
10	addPeriod
30	autoRenewPeriod
32	renewPeriod
34	transferPeriod
40	redemptionPeriod
42	pendingRestore
60	pendingDelete
20	registered

We optionally support another stage of life as part of the life cycle “reservePeriod“, in order to support the concept of domain reservations. Once the domain transitions from reservePeriod into any of the 3 lifecycle stages seen below, it follows the typical lifecycle from there, illustrated above.
